GMT Basal Ganglia - Anatomy, Function, Stroke and Disorders - Clinical Guidelines, Diagnosis and Treatment Manuals, Handbooks, Clinical Textbooks, Treatment Protocols, etc. Fri, 07 Dec 2018 16:57:00 GMT medical books - doctor-ru.org - Het borstbeen of sternum is het been in het midden van de borstkas waaraan de sleutelbeenderen en de ware ribben vastzitten. Het borstbeen maakt samen met de ribben ventilatie van de luchtwegen mogelijk. Sun, 09 Dec 2018 21:13:00 GMT Borstbeen - Wikipedia - L'apparato respiratorio degli uccelli differisce significativamente da quello dei mammiferi. Gli uccelli hanno polmoni rigidi che non si espandono e si contraggono durante il ciclo respiratorio. Sono dotati di un ampio sistema di sacchi aeriferi distribuiti nel corpo che agiscono come un soffietto: aspirano l'aria ambientale nelle sacche e la espellono dopo che è passata attraverso i

polmoni. Apparato respiratorio - Wikipedia -
